It began all the way back in 1633

Oberammergau, Germany was suffering from the Bubonic Plague. The surviving villagers appealed for Divine intervention to save their families. They vowed that if God were to spare them, they would perform a Passion Play every ten years. They say not a single person fell victim to the Plague after that. Keeping their promise, the people of Oberammergau performed the first play in 1634 and have continued to do so throughout the centuries.

The residents of Oberammergau will again perform The Passion Play in 2020. Josh and Dottie will be there, sharing in the magnificence of this performance, meeting with key Christian leaders in Eastern and Western Europe, and touring amazing cities that showcase the charm and history of Europe. *Will you be there with them?*
